Fantastic start - spectacular. - ~~super percussion!~~

Vitae Lux Rhapsody

Tight playing - very delicate and sensitive from both soloist and band. You lost some balance at (M) - (N) but it regained to a fine close.

Vitae Lux

Beautiful fly sound to begin and the music unfolds well uncovering fine soprano playing, and super sustained bass sounds, controlled ending.

Karelia Suite

Super arrangement played very well. - bottles o.k. Left whistlers  $\frac{8}{10}$  Right whistlers  $\frac{7}{10}$ . Some rushing in the bottles at (A) + 5 - good close.

Circius

Dramatic and so exciting to start. All the sounds match and are so well balanced. Nice change of mood at (4) Good end Cad. (6) is great once again - What a finish!

Fantastic programme - so well played and directed - Thanks

Bob Cunn
